*Capture every moment!*

## ABOUT US

We are Weddings by Michael and together we capture your memories. With more than thirty years experience, we still love the romance and excitement we see at every wedding, and take great pride in capturing these moments for our couples.

We love the challenge of difficult weather conditions, dimly lit venues and unusual settings, where our low light and creative lighting techniques allow us to capture unique atmospheric images.

A rainy evening is a perfect example and something we relish!

## Your special day

The bridal portrait session is where our skills can really shine. No matter the weather, if you are game, then so are we. We have produced some iconic images for hotels and brides alike, in bright sunshine, overcast skies, rain and snow!

Whilst it's these images that have created our reputation as one of the UK's leading wedding photographers, it doesn't define our abilities, and or should you believe this is all we do. We tailor our photography to your needs and desires, whatever they may be.

## Capture every moment

Feel free to contact us to arrange an informal and no obligation meeting at a time that suits you. We can visit you, you can come to us or we can meet at a venue of your choice. This will give you the opportunity to discuss your requirements and ideas for the day, and also view a selection of our albums. Of course, we will be happy to answer any questions you may have :o)

To arrange a visit, you can either use the website contact form, or phone 07762 758531 or 01229 384121 (studio)

"we look forward to hearing from you...."

# Second Photographer

Having a second photographer ensures all those additional, candid shots. Capturing the children playing and Uncle John laughing with your mum. Whilst your lead photographer is busy with the groups and concentrating on all those important images, a second photographer is able to catch all those off guard moments that make the memories of your day so special. Not to mention being able to capture the service from the back of the room as you walk down the aisle, with the lead photographer at the front of the room.
